

7th International Conference of the European Industrial Hemp Association (EIHA)

www.eiha.org/conf7

May 26th - 27th 2010

Rheinforum, Wesseling / near Cologne (Germany)

Congress language: English

Don't miss the biggest industrial hemp event in 2010 - world wide!

The congress will focus on the latest developments concerning hemp and other natural fibres.

The spectrum of participants will range from

- cultivation consultants,
- primary and further processors,
- traders, mechanical engineers,
- investors to enterprises to
- suppliers (for example: insulation material, pulp & paper, automotive).

They all share common interest in the industrial utilisation of hemp fibres and shivs. Other topics are hemp seeds and hemp oil in nutrition.
